NCCER CSST Certification Training Program

This 100-Hour program is designed to enhance the career path for safety professionals who have experience in the construction field or those individuals who are seeking an entry level position as a field safety technician. This course covers all aspects of on-the job safety for the construction industry forming the basis for a well-rounded understanding of safety as it applies to this job perspective.

Upon completion of this course, students will receive the following certificates from **The National Center for Construction Education and Research (NCCER)**:

- Field Safety
- Safety Technology
- Construction Site Safety Technician
- Construction Site Safety Supervisor
- Construction Site Safety Orientation

Per Person Program Fee

\$1500 CSST Certification

Payment plans are available, full amount due before courses begins.

Cost includes materials needed for the course:

Field Safety Textbook
Safety Technology Textbook
